Dispel the fears of Love

Life and Love are built on shifting sands

so break down the wall you've built around YOU And un-ravel your fears of Love

It's on-wards and up-wards from now on

into The un-known territory that awaits you with a new sense of purpose

So relish it, This is a new beginning For you to un-ravel those Tangled feelings of emotions and fears

for the need to be honest about who you are and where you want to be

Â It's a question many people have been asking themselves on and off for years

but once you make HeadWay with your own sense of Truth

That have been a long time coming

Try if you can to ease this new awakening

by being more objective once you've conquered your fears

Now stand your ground on what you want and where YOU want to be

everybody has what it takes , they just have to believe it , and sometimes in Life YOU have to take a step backwards and look at your own position with a detached frame of mind, Before you make these decisions , * choose wisely into your fear zone of Love.
