Ruining Penny's live

Chapter 2

Here's how it all started... me wanting to ruin Penny's live. Me and her used to be best friends. I always told her my secrets and she always did the same. There were lots of reasons why I stopped being her friend but many of those reasons I kept in but now I could not stand it any longer. She had the type of showbiz live; rich family: fancy clothing and loads of cash. I was different. My family struggled to raise money so money was more of a value to us. It was a non school uniform day and I wore a jeans jumper with matching denim trousers. It was a deep blue colour with floral patterns. Penny wore pink all round. She wore a silk pink scarf and a layered patterned dress. She purposely left the price tag on which was £500. We were in the classroom and I was focusing on the board whilst Penny analysed my clothing. She then called out my name.

"Claire,"

"Yes," I replied.

"I like your outfit," said sarcastically.

"Really," I could sense her sarcasm.

"No," She replied.

"Well you keep your comments to yourself," I snapped at her.

"I'm only trying to help you. And plus I don't think that Ethon would like you looking like that,"

The whole class laughed.

That girl had outed my secret and I was angry but that wasn't why I was angry. It turned out her plan to humiliate me backfired because it turned out he liked me and afterwards they both came round to my house and my mum told me to do something. Whilst penny told me to get her a drink, she started to snog my possibly-maybe boyfriend, I knew he must have tried to resist because he told me he thought she was ugly and that she wasn't his type. I was so pissed, my heart was literally broken. Penny had succeed and I wasn't in the mood. I instantly told them to get out. Ethon stayed behind trying to calm me. Then I told myself that I wouldntlet her get to me that easily. So i told Ethon i'd call him and i swore revenge...
