Revised:I just changed a few things, no big change. One of the works I might submit to the nature poems contest :)

# Down by the Spring

Down by the spring I go this day  
Rushing downhill with my dog to play,  
I catch the bright colors of autumn leaves  
Dancing in the wind as nature breathes.  
The sound of the spring floats up to my ears,  
I gaze down the hill as I near,  
Spotting a butterfly with colorful wings,  
Its little body but a blur as it speedily clings to random things.

.  
The scent of the spring drifts up to my nose,  
Sweet from the honeysuckle that dips and wallows.  
I stooped down on the edge of the short little ledge,  
Stealing a drink for my irksome thirst,  
I tumbled into that sweet stream, headfirst!
