

# Eternal Battle

By : AHHAX

There is 2 sides to this poem one the one you read and the other is like a puzzle that is hidden in the image.  
Only with your imagination could you see what is hidden in the words.

Eternal Battle

# Eternal Battle

Eternal Battle

Through the day and through the Night  
I have seen upon the Light  
What the future is beholding  
What the past had been withholding

It is you that I have searched for  
No other than I have longed for  
In the future you and I  
Join two wings to soar the sky

Fly away from our dark past  
Into the future light at last  
As finished war of Good and Evil  
It will end the battle thatâs inside, stillâ

When in gloom, seem never-ending  
When enjoyed then lifeâs descending  
Like a blossom in the sky,  
Gone in an instant like a lie.

I have seen upon the Light  
Like the day and the Night  
Like sun and moon in sight  
Nemeses, lover, be my best friend I see  
We are one, with you inside me
