The beauty of you...

## **The beauty of you...**

Beautiful is your hair, like the night sky;

Beautiful is your forehead, like the dark mountain in the night;

Beautiful is your eyebrow like a rainbow in the sky;

Beautiful is your eyes, like the rising sun in the horizon deep;

Beautiful is your lips, like bananas that are sweet to taste;

Beautiful is your teeth, like the whitest diamond on the earth;

Beautiful is your chin, like an arch in between two mountains;

Beautiful is your face, like a moon in the midnight sky;

Beautiful is your neck, like a pot filled with honey;

Beautiful is your chest, like a vast land on the earth;

Beautiful is your breast, like a pot full of heavenly milk;

Beautiful is your abdomen, like an oven filled with fire;

Beautiful is your vagina, like a heaven opened to experience;

Beautiful is your hands, like a leaf waving in the wind;

Beautiful is your legs, like a stem of banana plant so firm;

Beautiful is your toes, i wish to touch on it to feel it.

Beautiful is to see you, like a god of beauty on this earth.

The beauty of you...

The beauty of you...
