Place of Tranquility

When it is time for the World to end
Iâll have no emotion left to send
To spare for those who didnât believe
Those people that Iâd decided to leave
Let me take you to that safe place
A quiet, peaceful captive space
Where there is no danger from the gods
No rain, snow, wind or lightning rods
Just me and you, and others with faith

Place of Tranquility
