Halloween Wishes!!

Â

Halloween wishes!!

Â .

Â .

This is nothing to fear

Because Halloween is here

Jack-o-lanterns, with wicked grin

Orange flickering light within

.

Ghouls and goblins abound

Creepy crawly things around

In the shadows, walking dead

Sharp claws, designed to shred

Â .

Skeletons clank, with walking bones

Slimy creatures like Davy Jones

Ghosts appear in every scene

Because it is Halloween

.Â

Naughty people, playing pranks

Deviate souls fill their ranks

Pools of blood everywhere

Beady eyes, from bushes stare

.Â

Halloween Wishes!!

Halloween Wishes!!

Zombies wander aimlessly
Doing deeds shamelessly
Fingers reaching from the grave
Living flesh they do crave
Â .

Madmen, ravaging at will
Strange touches cause a chill
Screams in the night
Causing quite a fright
Â .

Mysterious vapors fill the air
Ethereal beings come to scare
The Undead, reaching out
Tentacles they seem to sprout
.Â

Vampires hunt at night
Looking for souls to bite
Werewolves search for prey
Their fur all matted and grey
Â .

Witches working on a spell
To send your soul to hell
Every kind of spirit and fiend
Wish you a gruesome Halloween
Â
