Not always a choice!

Â

Not always a choice!

Â .

Sexual orientation is not a choice

That people just decide to voice

It is all a matter of how one feels

Who arouses you, who appeals

Â .

To yourself, you must submit

Not always easy to admit

Social and peer pressure felt

Retributions, might be dealt

Â .

Some accept, some feel strange

And wish that they could change

But inside; the way you feel

Canâ t be changed, just by zeal

Â .

We are all born a certain way

Feelings we cannot betray

If we try to contradict

Forever weâ ll be in conflict

Â .

Embrace who and what you are

Not always a choice!

Not always a choice!

Don't shy away; grab that star

You do; what you have to do

To let peace and happiness come through

Â

Not always a choice!

Not always a choice!
