Inside this padded cell

Voices

they scream

the shout

the yell

I kick

i cry

but no one comes

to save me

no one

so I wait to die

in a padded cell

i write in blood on the walls

"play with me"

"play with me"

"play a bloody game"

I laugh

I scream

and watch the shadows

they look at me

they watch me

there eyes seem hallow

in a padded cell

i write on the walls

"sing with me"

"sing with me"

"sing a bloody song"

The nurses run in

I smile to them

"why so serious?"

"why do you scream?"

Look as they run

listen as they scream..

this is fun

I'm gladd it's not a dream
