# WILFUL BASHFUL BEAST

The way Mrs Dillinger had

of making it

seem so simple

even that time

she said

come round

one afternoon

and we can discuss

your writing or politics

or whatever you like

but she didn't mention

that her husband

was out

or that she

was after your body

and wanted to hear

you read your work

only after

a good session

## WILFUL BASHFUL BEAST

in her bed

but your pecker

wouldn't perform

wouldn't act

like some circus horse

and so of course

the politics

didn't get discussed

or your writing craft

maybe next time

she said

in any case

my husband

maybe back soon

and I don't want him

getting in

on the act

of discussing politics

or your art and craft

and so

## WILFUL BASHFUL BEAST

you went away

your art

and craft intact

and your politics

undiscussed

and your pecker

breathing a sigh

of relief

well this time around

at least

you thought

the wilful

bashful beast.
