Sweet Pain of Love

SWEET PAIN OF LOVE

How can something feel so good and hurt so bad

the anticipation

the Look

the curve of lip

the line of brow

the flirt of a glance

hate to leave,can't wait to get back

butterflys in stomache

satiny soft skin

softness of back side of knee

tendril of hair curling down

passion (holy cow...the passion ! wow)

the sweat of sex

the little death

the perfect fit

and I miss all of it.
