It Did Not Matter That It Was Night

We spent our nights together

You and I

Hiding from the truth

We lived in a fantasy

In the day

We were strangers

At night

We were lovers

Nothing mattered

To you or me

At least for the nights

We could love one another

You and I were happy

We didn't need the light

As long as I was with you

I could have lived

In darkness forever

It Did Not Matter That It Was Night
