# Through The Looking Glass

Remember I'm here and near to sing you a song  
That'll string you along  
Through the streams and dreams  
Where we drift in between  
What is life and what dies  
When we find what is being  
Where I harbor safety  
In words left unspoke  
And the heart of your attack  
Is the butt of my joke  
But don't fret for sunrise  
Just comes closer with breath  
And as you exhale and when you least expect  
It'll wake you with bright eyes  
And surprise on your plate  
Here's breakfast what's leftover  
Is just to contemplate  
So focus now darling and let's concentrate  
On the passing events of a stitch in the seam  
In the material that comprises the lives that are lived in a dream
