# My pain caused by you

Thoughts are fading away  
mind is dying  
body is hurting  
cant stop crying  
cant stop begging  
cant stop it from happening

it hurts so much  
it feels as if someone is grabbing my heart and squeezing it  
to the point i cant breathe....

make it stop,  
make it go away,  
just make it end so i can be in peace once again
