Our Sisters!

Sisters are boring,
Sisters are annoying
They will cry
and they will whine.

Sisters want to play all day,
They will sleep the night away,
They will bring you pain,
and give you lots of stains.

But when your sister see's you cry,
They will stay by your side,
They will try to make you smile,
They will leave dirty piles.

I guess sisters are bad at all,
They will walk with you in the hall.
The cry, they whine, and use lots of glue,
Even through that , they are always there for you!
