The Emperor of Bohemia...

(it is rumored that the emperor has very strange pets and he likes apples)

*The Emperor Of Bohemia****

All right, Emperor, you can have your way

You can have my allegiance throughout the day

Now hold me please in your porcelain eyes..

Whats the world---- a medley of voices

But I hear yours, above all the rest

So may the sun keep splashing gold on your crown

May my cheeks keep blushing.. red in your reflectionsâ

And may my lips keep straight while smiling internally!

The Emperor of Bohemia...

(Amen)
