# THE HANDKERCHIEF

"THE HANDKERCHIEF"

\*\*\*

Have you ever thought how important it is  
To carry a cloth of such a tiny piece?  
You cry, then wipe, clean with it sometimes.  
Now I ask you, what do you first try to find.

\*\*\*

Everything in this world is significant  
But few people try to be observant.  
In those days life tested me.  
Handkerchief was one of those surely comforts me.

\*\*\*

It doesn't matter what it was made of.  
Or the level of quality so on and so forth.  
Keep it, don't just throw it and put it into trash  
Because sometimes, little things are those that are much more important.

## THE HANDKERCHIEF

*::Yeah I know, it's like very simple! But I had fun doing it, I was actually in the bus travelling from school and then going home. It's like 1.5 hours to get home, and I do it everyday. Ugh, it's frustrating but I don't want living in a dormitory. So back to my experience, having a cough, I always need my handkerchief with me to cover my mouth. Hello? Ethics... Then when I didn't find it, I was so pissed off, maybe I left it in the school. I don't know. And so I was kinda inspired to do this. And then, I remember, a few days ago, hotstory left a message he has a plan to promote our writings, to have more readers. I liked the idea, but since it's weekdays, I don't have much time writing. But that time, lots of words and ideas coming to me, so I grabbed my ballpen and piece of paper, which is pink, I LOVE PINK by the way, hehe. and started writing, and before I left the bus, I finished it. Only now that I typed it on my computer because it's saturday. :) YEY!! And tomorrow, I'm also gonna be writing for my novel which was already published a few days ago.*

*So yeah. I hope you liked it guys. The poem, and maybe my story.. Hahaha. Kidding.*

*HEY? CHECK OUT MY PROFILE, I edited it. LOL, LOVE IT.*

*PINK EVERYWHERE. LOL*
