A Toast to Will

Friedrich Nietzsche said:

"Thoughts are the shadows of our feelings - always darker, emptier and simpler."

I agreeâ And to that I raise a toast:

Step outside the shadows of your feelings, you are hereâ ;
Take a deep breath, hold my hand, I am will be nearâ ;

Face the night from within, a glimmering hope will soon shine throughâ ;
Break the chains of fear, deceive the pain, it will no longer seem trueâ ;

Stand tall against the odds and always have the will to fightâ ;
Fight endlessly for what you believe in, fight for the lightâ ;

Burry your burdens far away from your bed and haven, burry them deepâ ;
Be ready to push them away when they, to your soul, try to creepâ ;

Embrace your life with passion, cuddle the moments dearlyâ ;
Soon the winds of change will hover ahead so clearlyâ ;
