# Cold Hard World--Poem

## Cold Hard World

All around the globe, seems itâs turning to s\*\*t

Ignorance is NOT bliss, not one bit

Scenes of devastation play themselves out on the news

Makes one turn the set off; it gives you the blues

You watch for a couple hours, then look for a ladder and some rope

For something that makes sense you frantically grope

If you believe the media, the endâs coming fast

All the evil is set in stone; the dye has been cast,

And theyâll tell us all about it, after this commercial break,

For money still makes the world go around; they make

You sit through a bunch of commercials before you learn whatâs going on

Youâve got to read between the lines to find out whatâs fact, and whatâs con

Seemingly 3/4 of every hour is an ad for something

Politics, U.S. News, World News, over and over, bad news is king

The Depression Crawler keeps on creeping by your bloodshot eyes

Itâs mind-numbing revolving door seems to hypnotize
