Cry Foul!--poem

Ordinarily, I hesitate to post political things; I know there's been a few; but I just couldn't believe what I was seeing!

Cry Foul!--poem

Cry Foul!

Unemployment rate down; good news right?

Not so, say a few; and theyâre mostly white

Whatâs good for the goose, is the opposite for them

It's manipulation by the lefties; by the dems

Good news for the country means 4 more years of him,

As they watch their hateful chances dim

They say, âWe worked so hard, and itâs going for naught

Our subversive tactics arenât working out like we thought!â

Put party ahead of America; THATâS the way to go

If the other side thought of it; you just say no

Your party is an anchor, slowing everything to a crawl

When asked for your ideas, you donât have any, at all!

The democratic workers must be lying,

When they say they found work, the numbers you arenât buying,

But those same numbers, when in your favor,

You totally believed to be accurate; their negative you savored

Suddenly, you scrambled for a new tin foil hat theory

Youâre only happy when the rest of us are in misery

Cry foul; cry foul; something is amiss

âNo fair, no fair; my conservative a** you can kiss!â
