Headless Morons!

# Headless Morons!

Headless Morons!

A rudderless ark sails in treacherous seas,  
Captained by a turtle caught on the freeway  
A bigger collection of morons hasn't been seen  
Since, well, never! Their only purpose is to just say "no!"  
Otherwise, they're just taking up space that might have been used  
Oh, I don't know, by non-morons!  
Look at them; scowls on their face and hatred in their heart  
Not only is the glass 1/2 empty to them,  
But apparently it held acid that spilled  
And burned away any common sense  
They may have once had; but that I doubt very much!  
They're told what to say, and told what to think  
By corporations, with money up the kazoo,  
Who need more, more, more; the hell with the little guy!
