Merry Christmas from the Spirit

**Merry Christmas from the spirit
who walks the halls and corridors.
A jolly soul who frosts the windows
and sweeps snow beneath the doors.**

**Love and peace fill your yuletide
let your heart merry make.
Fill your cups with Christmas spirit
and of this offering please partake.**

**Merry Christmas from the spirit
who fills our lives with blessed cheer.
Drape the holly across the mantle.
Can't you feel it, Christmas is here?**

**Pile more logs upon the fire
sing those songs we all know.
Feel the wonder as it consumes us
let that feeling soar and grow.**
