yes, Dog, in the beginning

did create the earth and heaven  
day six, he formed a new best friend  
then rested on day seven

his friend declared, "i am the king ! "  
"now you must fetch ! ", he'd holler  
he tried to rein the canine crowd  
and strap them with a collar

then chain the collar to a leash  
and on that teather, walk 'em  
and if they tried to chase a cat  
man pulled them back to block 'em

the way that mankind misbehaved  
made Dog think they were addled  
they'd rub a puppy's nose in poop  
and then that pup, they paddled

now, Dog, on high was horrified  
by all this cruel derision  
he realized he's missed the mark  
and made a firm decision

he made the rain fall from the sky  
and made man yell, "oh lordy ! "  
the torrent poured relentlessly  
until the days reached forty

then earth below was free at last  
from vermin that had saddled  
and Dog, above, howled out with glee  
to see how they dogpaddled
