HALLOWEEN CANDY 1

oh how i yearned for halloween

when i was still a child the thought of candy given out most truly drove me wild

the costume mattered not at all twas quite beside the point the object was to swiftly move and hit most every joint

a little plastic pumpkin? why, they only held a tad a grocery bag? you're kidding, right? to think that would be mad

i'd grab a king size pillow case that always did the trick and when i came home laden down i'd look like ol' saint nick

and i would run from house to house oh lord, how i would truck each house in every neighborhood i know i must have struck

that pillow case stayed by my bed i had no discipline so every time i craved a sweet i'd dip my hand right in

nutrition never worried me the same for tooth decay but i'd be hyperactive right up till thankgiving day
