# Good bye, Best friend

As the day goes by  
And draws to an end,  
Iâll never have had  
A better best friend,  
You stood by my side  
Through good and the bad,  
Now that youâve left  
It makes me so sad,  
Youâve gone to the place  
Where no one returns,  
Your spirit still stays  
But the pain, it still hurts,  
I have no one left  
So this is goodbye,  
Youâve gone to that place,  
Made your home in the sky,  
Now itâs all over,  
Now itâs the end,  
Just wanted to say,  
Goodbye Best friend.
