By : **Shadows of Memories**

Happiness can be even from very small things in life. The root is always inspirations and positive motivations. Nothing in life remains still for anybody and anything. It rolls on.

# My Reason to be Happy

*The night is so dark, my dreams that embark,  
I love to laugh, my heart allows,  
I sipped and drank milk, gowned in red silk,  
I caressed my hair and wallowed.  
I tossed and reposed, my heart that proposed,  
I engrossed my happy moods,  
The end of the day, looked full and so gay,  
The birds left for home and broods.  
I missed and so kissed, my heart felt so blessed,  
The list of my fun endless,  
Peeping through flicks, or taking new clicks,  
Reflects the mood on my face.  
I sit on the chair, blushing and fair,  
Thinking of you and me,  
Dreaming my dreams, with you it so seems,  
I live a life full of blue sea.  
I play my guitar, starring a star,  
Limelight as though on me,  
Cooking good food, fancy imbued,  
Such small things can make me happy.  
I looked at the sky, the stars winked by,  
The bliss of the night is upon,  
I smiled in my heart, that no one can hurt,*

## My Reason to be Happy

*The moon shone the night, she frowned.*

*I wish me goodnight, and let me sleep tight,*

*And dream a sweet dream ever,*

*The dark and despair, vanish to fair,*

*Promise me youâll forget me never.*

*You leave or love me, or set me carefree,*

*I still will sail ahead and live,*

*Nothing gets stopped, or even is cropped,*

*Life moves on that I believe.*
