Disaster on Lovers Ave.

They were once lovers

He use to want nothing more than to simply hug her

She use to beg her father just to let him over

. . . .and now it seems impossible for them to recover

They wonder where it went wrong. . . .

And how the pain seems so long

Their love was like a song,

so it seemed imposible to go wrong

But people are careless and wicked,

Not even caring what pain they've inflicted

There's so much pain hidden beneath their smiles

but at one point their happiness went on for miles

They're both quiet in a corner, or so it seems

But you just have to listen to actually hear their screams. . . .
