Time1

Time

T: means Tick, Tock the world is spinning and spinning

I: infinite of time, no limit any terms. Are father that is in heaven

M: moments we take to be who we really are, silence

E: existence, the point of being who you are in the name

Time is here for a short period or spell

Here comes the ringing of the bell

Or the tick tock I may said, oh well

Infinity goes on, we cannot stop the clock

Again time doesn't stop

Not 5, 6, or 11

Art father who is in heaven
