Long Gone It's True

I don't know what I'm gonna do

Since I lost her and I found you

If I should go and lose you too

Just paint me a midnight blue

Like a comet that's passing through

A quick peak and a little view

Then you're long gone, it's true

Yes you're long gone, it's true

You just might stay for a minute

And then you stay gone for hours

I'm spending days with out you in it

Just call me a wilted flower

Like a train that's passing through

A quick peak and a little view

Then you're long gone, it's true

Yes you're long gone, it's true

No I don't know what I'm gonna do

Since I lost her and I found you

If I should go and lose you too

Just paint me a midnight blue

Like a ship that's passing through

A quick peak and a little view

Then you're long gone, it's true

Yes you're long gone, it's true

Long Gone It's True

Long Gone It's True

You wouldn't stay when I asked you

Right out of my life you flew

I want to know what did I do

Just give me a little clue

Long Gone It's True

Long Gone It's True
