Never Told You That

Girl, you know that I have missed you

Yes you do, I've told you that

Oh I wouldn't want to lose you

And maybe never ever get you back

Girl, you don't know that I need you

No you don't, never told you that

Oh I wish that you were mine

And for real, that's a natural fact

Like an angel that has fallen

I've mended your broken wings

And now that your free to fly again

I find that it's me who's in pain

Girl, you know that I've cared for you

Yes I have, I've shown you that

Oh I've showered you with many things

But it's been true love that you lack

Girl, you don't know that I love you

No you don't, never told you that

Oh I want to tell you now

I hope it's not to late to act

Never Told You That

Never Told You That
