## **A man's broken wing**

It's a butterfly's duty to flutter

It's a bird's dance to flutter

It's a man's fear to flutter

explosion of a gunshot

is the most convenient

way to metamorphisise

man to butterfly.

--

It's the tortoise's job to pace slow

It's the eagles eye to pace slow

It's the artist's hand to pace slow

Beauty of nature

is the most convenient

way to metamorphisise

man to artist.
