

Messing with my head again?

Messing with my head again?

By : tigerlilly17

Your only talking to me because your drunk... I only put up with because this is all I get from you, so I take what I can get.

Messing with my head again?

Messing with my head again?

Only if you knew how much you actually mess with my head, You donât talk to me anymore, You kick me out of your life, Then out of the blue, your back in my life for about two hours, Telling me how great I am, Telling me how you miss me, Then you leave, Then again your only talking to me because your drunk huh?
