Someone new

Someone new

Iâ€™m ready to find somebody new,

Someone who will show me whatâ€™s love about

Someone who will care and listen to my thoughts even if it is silly

Someone who I can be myself with.

Someone who I can just lay on them and cuddle,

I want someone new.

I know Iâ€™ve gave my heart to the wrong person.

Iâ€™m willing to give love another chance.

I want someone new

Someone who is willing to stay when things get hard.

Someone new

Someone new
