

Turn the light on

# Turn the light on

By : tigerlilly17

Just turn on the light to see what you have.

Turn the light on

# Turn the light on

*When things get bad turn the light on, Just flip it, and open your eyes, Take the moment to realize all the things you have in life, Once you do. You will see why itâs worth living, Life is always beautiful no matter what is going on.*
