DEAD SEA SCROLLS

The passage of time shifts man upon the earth. People rise and fall in their traditions. BUT, the word of GOD remains steadfast. The DEAD SEA SCROLLS, like a road sign, emerged for man's belief it appears.

Through countless times, social waves form by man. Then fall like sand castles, by life's waves. Then, the word of GOD, comes to light to show man, God's tenacity. GOD is steadfast and does not change with time.

The DEAD SEA SCROLLS, a road sign in the passage of life and God's word, in our time.
