That moment of silence

Blood rising, anger turning into rage;
A state where the emotion controlling the body.

The mind about to explode, like an untamed wild elephant;

Wanting to crush everything, wanting to kill everything and anything on the way.

The earth trembling under the feet,
Its about time the rage turns into a tornado
of destruction and complete annihilation

As and when this soul was giving in to the rage,
A drop of silence came from nowhere.

Though a drop, in that silence subsided the explosion.
The silence slowly grew, consuming everything in the process, even the mind.

Like a tornado needing air for its survival,
The rage needs mind for its existence.

Suddenly everything seemed so peaceful and calm,
Like a serene beach with gentle breeze.

Experiencing the ecstasy of the mindless being,
Thanking that single drop of silence....
