# A Pumpkin Jesus Style

Pumpkins are picked from the patch  
Jesus picks us-We are His #1 match!  
Then pumpkins are all cleaned out  
Jesus cleans us up and we don't have to doubt

-

Then we have fun by carving them  
Start out by cutting around the stem  
Then we begin to draw or trace  
And then cut out the face

-

Then there was a cool day  
Where Jesus carved us a special way  
Made us all into a unique design  
He says "I love you and you're mine"

-

Once we have finished cutting it  
We put a candle in that is lit  
It makes it shine bright  
Making it light up the night

-

Like a pumpkin, Jesus wants us glow  
So that people can see Him, you know?  
We are called to be the light to everyone  
So that people know He is the One and only Son
