Are You Lonely

Are You Lonely

Do you feel out of place

Are you lonely

Because there is no one near your face

You might be wondering how

You can possibly make it through another day

When the person of your dreams now gone

Will God give you the strength to carry on?

Yes you can make it

You will be fine

New friends will come into your life

And you will, enjoy life again

You will have a bright future

On that you can be sure

Because long ago you trusted In Jesus

And he will show you the way

And guide you through His path every day.

Are You Lonely

Are You Lonely
