Fingers Of My Soul.

Fingers Of My Soul.

(c) 4/2/2010. By Poetlife.

Â

Fingers of my soul searching,

Touch your face, grace.

Within images in front of me.

Refrains, tuneful of nature's heart,

I hear,

Â See beauty of your breath

Surrounding me.

Â

Stillness of the dawn

New birth,

Of

Another dawn.

I feel

I see.

Â

Journey Eternal love

Energy, light,

Moves in circles ever on.

Forming pictures,

Stories of it's own,

In perfect harmony.

Fingers Of My Soul.

Fingers Of My Soul.

Â

Dance of light,

Energy,

Mingles, moves never ending

Circles, patterns colours sway

In

Rhythm

Of life's song.

Fingers Of My Soul.

Fingers Of My Soul.
