Soul Journey.

Soul Journey.

(c) 1986. By Poetlife.

Soul journey starting back,

Holy breath of my beginning,

Father, Son, Holy Spirit,

To

Our Father,

Divine love, light unending.

Flame of Holy Spirit burning,

Crystal river of light cleansing,

Tree of life

Sappling growing,

Deep within the self unfolding.

Passing within the celestial tunnel,

Re-born, rebirthing, learning, cleansing, knowing,

Returning to the source,

Pure white light, deep within.

Layers of negativity, shedding , falling,

As deep within my self

I am travelling.

Soul Journey.

Soul Journey.

Vibrations of pure love enfold me,

Positive illumination,

My soul, knowing, loving, feeling.

Till perfection

At last I reach,

My soul rejoicing, bursting, filled with love.

I have come home,

At last,

To our Father's house.

Gently held within arms enfolding,

Truth, light of His pure love.

Soul Journey.

Soul Journey.
