Thank You Lord,

For Your seed of love

Within Your creations heart.

Watered from within,

With Your spring of flowing living waters,

Light, fire, love.

May the sappling

Grow show it's head,

Strong in Your hands

Of

Light, love.

As in Your loving care we grow and stay.

May Your love within us grow,

Spread branches for ever more,

Reach out and touch

All around us,

With Your love.

Teach, guide us

Thank You Lord-For Your Seed Of Love.

Thank You Lord-For Your Seed Of Love.

Lord I pray,

Keep us safe

In You we stay.

Help us in each and every way,

Give our heart's in service

Our will, our all.

We are one in You.

Teach us all to worship You,

In Spirit, love, forever more.

We are the singers,

You are the song,

Forever we will go on and on.

I love the song of nature's heart

All creation has it's life song,

Singing birds

Us all around,

You are the life within us all.

Divine artist,

Flowers grow within us all.

Colours from the mind/brush

Of

Our Creator God.

Thank You Lord,

Thank You Lord-For Your Seed Of Love.

For everything

In You we move, live, love

Have our being.

Amen.

Thank You Lord-For Your Seed Of Love.
