Come As Little Children

Jesus told Nicodemus that he must be born again
But he didn't quite catch on to just what Jesus meant
It's a rebirth deep inside us, a renewing of our mind
And serving others instead of self all the time
Become as little children born of the water and the Spirit
And to the kingdom of God we'll draw nearer to it
For unless we do we'll never see to walk within
Lost without the new birth to die in our sin
Thank God for his baptism, thank him for his Word
Thank him for his Spirit, the Comforter as we have heard
Become as little children and be born again
And with our Father up in Heaven we shall reign
Just as little children come to their fathers
And hand in hand through this life they go
Let us then come to our Heavenly Father
So hand in hand eternal life we'll know
