# Come As Little Children

Jesus told Nicodemus that he must be born again  
But he didn't quite catch on to just what Jesus meant  
It's a rebirth deep inside us, a renewing of our mind  
And serving others instead of self all the time  
Become as little children born of the water and the Spirit  
And to the kingdom of God we'll draw nearer to it  
For unless we do we'll never see to walk within  
Lost without the new birth to die in our sin  
Thank God for his baptism, thank him for his Word  
Thank him for his Spirit, the Comforter as we have heard  
Become as little children and be born again  
And with our Father up in Heaven we shall reign  
Just as little children come to their fathers  
And hand in hand through this life they go  
Let us then come to our Heavenly Father  
So hand in hand eternal life we'll know
