

The month of July

The month of July

By : chrissy5

It's about a girl who is celebrating her birthday she is excited when her boyfriend is coming back from Rome. she phones him just as he is driving home unfortunately a truck hits him and he dies.

The month of July

The month of July

The month of July

It was my party

It was my day

Tâ was the month of July

Iâ ve been waiting since May.

My love was coming home that day

He returned from Rome because:

It was my party

It was my day

Tâ was the month of July

Iâ ve been waiting since May.

I couldnâ t wait to see him then

I phoned him just as he was turning around the bend

Those words that he spoke were his final words

Before a truck hit him.

When it was my party

And my day

In the month of July

Iâ ve been waiting since May.

The month of July

The month of July
