Not your girl

I'm not your lovebug anymore,

Not your cybergirl,

Not your little whore.

You may think I'll always be here ,

To get you off when your all alone,

Sitting in your dark shabby home.

I won't forget all of the 'jokes' you said with such confident snide,

I won't forget the girl you tried to hide.

I know what you do in all your spare time,

Those jobless hours.

So drink to your content,

Fuck miss Mary Tyler whore,

Because I won't be there anymore.

Not your girl
