# Meet me under the Mistletoe

**Meet me under the mistletoe, please follow me into my dreams.**

**It does not have to be christmas to make these things seen.**

**I have been waiting for awhile and as the days come to a close.**

**My lust is just winning over the love we once shared.**

**Please meet me under the mistletoe, follow me to my dreams.**

**These days of waiting are never fair.**

**Please believe it does not need to be christmas for my wish to appear.**

**I will wait for now, but soon it will be to late, and my dreams of you and I just may have to fade into the night.**

**So please do not wait too long.**

**For I will be standing here, underneath this mistletoe for life is never very clear...**
