GoodTimes

i miss the way you sang
to that daft song
i miss the face you pulled
when found out wrong
i missed how you smiled back
when i was smiling too
i miss all our good times
but i dont miss you.
I miss holding you're hand
and feeling so proud
i miss you're voice
how you were so loud
i missed how you laughed
when i was laughing too
i miss all our good times
but i dont miss you.
i miss all you're theories
though they bored me before
i miss all you're sad jokes
and alot lot more.
i miss everything you said and everything you do
i miss all our good times
but i dont miss you.
