# Natural Beauty.

**You are a natural beauty**

**I look more than twice when you pass**

**when you smile you're such a cutie**

**and you dress with such class**

**you speak with such a soft tone**

**and move with such grace**

**just you're beauty on its own**

**lights up the whole place**

**they say its such a pitty**

**i think its much more**

**that you dont believe you're pretty**

**although you have heard it all before**

**you are a natural beauty**

**I hope you trust its true**

**you are a natural beauty**

**Just look at you.**
