Do u love me?

# Do u love me?

Do you love me,?

Do you love me, like i love you? Do you care, for what i wear, or what u hear? when people say things or talk about me.

Do you like the things i say, are you a shy kind of girl, who promise to rock my world. or do u think i have soul. i promise to treat u like gold, and shelter u from the cold.

but do u love me? do you like to have fun? oh are you always on the run? do you believe in lust, love and lies, or the feeling of love butterflies, and the taste of a sweet american apple pie,?

Do you believe in fairy tales, magical spells, heaven or hell, oh kiss and tell, or that old, old wishing well, oh what about the, mystics, of ghost and spirits,? do you believe in love,? and all the above,

do you love me, like i love you? will you still be my friend and talk to me even when we, fuss, cuss and fight, would u make everything alright,? Oh what if im wrong?, would you forgive me, Do you really love me?,

do you care?, can you feel my heart beat, each time we meet? my love my dear, cuz each time i am near you, it feels so good. Do u love me,? like i love u? i believe u do cuz u told me u do, my sweet boo.

Do u love me?
