I'd rather be with you.

# I'd rather be with you.

I'd rather be with you.

I'd rather take your love over money, riches and precious jewelry, To see you smile makes my heart melted like butter, these words i can only uttered cuz i'd rather be with you.

I'd rather, swim the deepest ocean, climb the highest peak, grease every wheel that squeaked, pull down the moon and the stars, kiss u softly on ur cheeks, give u strength when ur weak, cuz i'd rather be with you.

I'd rather be with you, in every way, each and everyday for the rest of my life, and make you my wife, Let me hold you, in my warm embrace, like dancing ballerina, cuz i love u, yes I'd rather be with you,

I'd rather be with you, in my dreams, on a tv screen, because we're on the same team, my hunger for you is never ending, im glad ur not condescending, oh your so amazing my beautiful love, I'd rather be with you. always,

i'd rather be with u, though good times and bad times, though thick and thin, as long as u open up ur heart and let me in, i love u, more than words can say, my need for u will never go away, cuz i'd rather be with u.

i'd rather be with u, though all the ups and downs, to share ur smile, and even ur frown, i wanna share, ur laughter, and feelings too, u send chills up my spine, each time u come around, my love, my heart is full, with,

so much joy love, happiness, and desire, that's why i'd rather be with you, every day of my life.

I'd rather be with you.

I'd rather be with you.
